

Expect Better Get Better

Our Promise to You

At Hackettstown Regional Medical Center, we are always striving to do more, to help everyone get better as rapidly and completely as possible. We are always here to help when you need us for emergency treatment, hospitalization, therapeutic care, diagnostic services and outpatient specialized therapeutic rehabilitative care with the utmost expertise and compassion.

Mission: To reflect God's love and caring in the healing of body, mind and spirit.

Hackettstown Regional Medical Center provides a hospital experience where patients are treated like family. Our entire staff is committed to the mission of healing the body, mind and spirit.

*Accredited by the Joint Commission for
Accreditation of Healthcare Organizations*

Leading the Way to
a Healthier Region

 **Hackettstown Regional
Medical Center**

Hackettstown Regional Medical Center (HRMC) is a full service acute care hospital that offers a wide array of inpatient and outpatient services, including 24-hour emergency medical and surgical services. The 40-acre campus in the rolling hills of Hackettstown serves the healthcare needs of individuals who live and work in Warren, western Morris, southern Sussex and northern Hunterdon counties. HRMC is a member of the worldwide Adventist Healthcare System.

Tomorrow's Best Technology Today

HRMC is a state-of-the-art medical facility accredited by the Joint Commission on Accreditation of Healthcare Organizations, featuring the latest technology in diagnostic imaging, surgery, wound healing and cancer care.

HRMC's Advanced Diagnostic Imaging has a 1.5 Tesla high field closed MRI, a CT-16 slice scanner, 3D and 4D ultrasound units, two nuclear gamma cameras and digital radiography.

The Joan Knechel Cancer Center offers radiation oncology treatment with a dual energy 21 Ex Platinum Varian Linear Accelerator with a Respiratory Gating System and multi-leaf collimation, and treatment techniques utilizing 3D Conformal Therapy. The Center also has a GE PET/CT-4.

The new Wound Healing Center offers the latest medical techniques in the treatment of wounds. The Center also offers Oxygen Therapy with two hyperbaric chambers. The Center expanded in 2006 and moved to the third floor of the West Wing Medical Plaza building.

24/7 Emergency Care

(908) 850-6800

At HRMC, you and your family members will receive the best possible emergency care anywhere!

Our Emergency Department is open 24/7, staffed with very experienced ED physicians and specially trained emergency nurses.

- Diagnostic Imaging and Laboratory Services available 24/7/365 days a year
- Eight ED Physicians; two ED Physicians are on site from 11am-11pm
- Every patient is evaluated by ED Physician
- 12 private rooms, including rooms specially equipped for cardiac and stroke patients, plus one semi-private room for orthopedic patients
- Designated First Line Recipient for Notification and Communication of a Disaster or Emergency with decontamination services
- Affiliated with New Jersey-based tertiary care facilities
- Helicopter pad located near ED entrance

Advanced Diagnostic Imaging

(908) 850-6842

Advanced Diagnostic Imaging (ADI) performs all of the state-of-the-art imaging required for an accurate diagnostic reading. Our on-site physicians are Board Certified radiologists who review every scan. ADI offers convenient day and evening appointment times, seven days a week.

- CT-16
- MRI (Philips 1.5 Tesla high field strength)
- Bone Density Scanning
- Digital Radiography
- Fluoroscopy
- Mammography
- Nuclear Medicine
- PET/CT
- 3D and 4D Ultrasound

Cardiopulmonary

(908) 852-5100

HRMC offers Cardiac Diagnostic Services to evaluate chest pain and other cardiac symptoms, respiratory problems and pulmonary functions.

- EKG
- Nuclear Stress Testing
- Pacemaker Clinic
- Tilt Table Testing
- Pulmonary Function
- Arterial Blood Gas Analysis
- Holter Heart Monitors

Cardiovascular (908) 852-5100

In late 2006 HRMC plans to open a Low Risk Cardiac Catheterization/Vascular Lab for cardiac patients and patients with vascular circulatory symptoms. Look for more news about the Lab later this year!

Center for Healthier Living (908) 850-6935

The Center offers numerous health education and screening programs to prevent disease, illness or injury. Programs and services are offered at the Center, in the workplace or at community events.

- Childbirth Education Classes
- Corporate Health Programs
- Health Education and Screenings
- Job Physical/Fitness Capability Evaluation
- Wellness Education (on- and off-site)
- Healthlink Senior Programs

The Center for Healthier Living's quarterly wellness calendar with a description of programs may be seen on the web at www.hrmcnj.org.

Childbirth Family Center (908) 979-8899

HRMC is the only medical center in the region to offer Waterbirth as an option for expectant mothers in addition to traditional birth choices.

- Couplet Nursing Care
- Private and spacious LDR (Labor, Delivery, Recovery) rooms
- Beautifully decorated private post-partum rooms
- Sleeper-chair or sofa for partners who wish to stay overnight
- 24-hour rooming-in for babies in order to enhance parenting skills
- Specially designed waterbirthing rooms

Counseling Center (908) 850-6810

The dependence on alcohol, prescription medication, over-the-counter medication, illegal drugs and other addictive behaviors causes serious problems for individuals and their family members. At the Counseling Center, a variety of outpatient services are available to aid in the treatment of drug and alcohol dependency.

- Intensive outpatient day and evening programs
- Adolescent outpatient programs with school education components
- IDRC
- Individual and Group Therapy

Chronic Pain Management is a new short-term program offered at the Counseling Center. Call Sue Lohmann, RN, MS, Manager, for more information at (908) 850-6810.

Joan Knechel Cancer Center (908) 441-1500

The new state-of-the-art Joan Knechel Cancer Center offers the most advanced technologies for treating cancer, along with expert doctors, nurses and highly trained technicians to employ these technologies and treatments to the greatest advantage to our patients.

- Linear Accelerator, Duel Energy
- IMRT (Intensity Modulated Radiation Therapy)
- HDR (High Dosage Radiation Treatment) – coming soon

- Chemotherapy/Infusion Therapy
- Member of the University of Pennsylvania Cancer Network

Laboratory/Pathology

(908) 850-6848

Accredited by the College of American Pathologists, the Lab is a full-service facility. Outpatient lab services are now available in the West Wing Medical Plaza.

- 24/7 laboratory services for ED and inpatients
- Transfusion services
- Outpatient walk-in blood draw site daily (including evening, Saturday and Sunday hours)
- Therapeutic phlebotomy service
- Full-time pathology service

Sleep Disorder Center

(908) 850-7744

Nearly 60% of adults have trouble sleeping several nights per week and 40% experience daytime sleepiness interfering with daily activities. Our fully equipped Sleep Disorder Center can help identify and resolve sleep-related problems such as excessive sleepiness, fatigue, snoring, lapses in memory, or repeated interruptions in breathing due to sleep apnea.

Surgical Services and Minor Procedures

(908) 852-5100

Surgical Services include inpatient operations as well as same day surgery and minor procedures. Surgeons and specialty physicians are Board Certified.

For pre- and post-operative care, HRMC provides fourteen (14) private bays and two private rooms. Our nurses provide expert, personalized and friendly care to each and every patient.
